Section I. General

- 1.01** This agency requires permits for the transport of all fish into the State of West Virginia.
- 1.01.a** Each permit application must be filled out completely listing all species to be transported and the date of the transport.
- 1.01.b** Each permit is valid for only one trip into the State with the approved species on the approved date.
- 1.01.c** The source of the fish must be listed as the exact business name where purchased and the waterbody where collected if wild fish.

Application For A Triploid Grass Carp Importation Permit

The West Virginia Division of Natural Resources allows the importation of certified triploid grass carp.

Importation of triploid grass carp requires a separate permit for each delivery.

An importation permit will be issued to each vendor outlining certification and notification procedures and grass carp must be certified triploid at the point of shipping into West Virginia.
